Project Name :

Product Description

The Node Spotlight is designed for installation in Node Flush Channels, Recessed Channels, surface mounted, or trimless applications for drywall ceilings. The Spotlight provides precise, target-oriented illumination, suitable for a variety of spaces including offices, hospitality areas, or lobbies. The 90° hinged base combined with a full 360° rotation allows for a high degree of flexibility in beam positioning. Available in a variety of beam angles, colour temperatures, and finishes to match your project specifications.

- Room-side accessibility for ease of install and maintenance
- Low profile allows for co-locating with Node Plenums
